Official scores must be less than two years prior to time of admission processed by Graduate Admissions. Acceptable scores are noted below.

All students admitted to campus-based programs, who are international and/or domestic (not native English Speaking) are required to check-in at the [Applied English Center](#) (AEC) upon arrival to campus. At that time, the AEC will confirm the student's level of English proficiency and determine if additional English courses are required. Any U.S. citizen or U.S. permanent resident who has declared that his or her native language is not English must report to the AEC for verification of English proficiency before enrolling.

**Those applying for Graduate Teaching Assistantships who are international and domestic students (not native English speakers) must submit the test results** for either the Speaking Proficiency English Assessment Kit (SPEAK)  $\geq 50$ ; or the Test of English as a Foreign Language Internet Based Test (TOEFL iBT) **spoken English component**  $\geq 22$ ; or the International English Language Testing System (IELTS) **spoken English component**  $\geq 8$  with their Graduate Teaching Assistantship application. For information regarding these tests go to [ETS](#) online.

In addition, all non-native speakers of English must be interviewed by three institutional representatives, including at least one student. The interview allows the representatives to determine whether the candidate GTA possesses sufficient English proficiency. Policy information is located at <http://policy.ku.edu/KBOR/spoken-english-competency-BOR-policy>.

Transcripts from some countries must be supplemented with additional materials. Check at <http://graduate.ku.edu/transcripts> for your specific requirements. A Graduate Studies **Hold** on the student’s account won’t be removed until all documents have been received. (List is subject to change.) **Readmission of returning graduate students:**

Graduate students must be continuously enrolled in fall and spring terms in order for their status to remain active. A graduate student not enrolled in the preceding one or two semesters (fall/spring) must be readmitted (reactivated) in order to enroll. To do this, the student must process readmission by one of the following means as appropriate.

1. Students currently on an official leave of absence (LOA) must submit an e-mail to [elmer@ku.edu](mailto:elmer@ku.edu) attaching the **MEMT Return from Absence (RFA) Request** at <http://music.ku.edu/memt/documents#graduate>. This form will be used by office staff to process the official Graduate Progress to Degree (GPtD) for the intended term(s)/year.
2. Students not on an official Leave of Absence (LOA) who has been actively enrolled in a degree-seeking graduate program but who has not been enrolled for one academic year (three consecutive semesters, including the summer semester) or less, may be

eligible to use the [Permit to Re-enroll](#) form with the consent of his/her department/program. Before completing the Permit to Re-enroll form, students should contact their graduate program directly to confirm availability of the Permit to Re-enroll.

The permit to re-enroll form is not available to a student who:

- was dismissed from a program at KU;
- was voluntarily discontinued (formally withdrew) from a graduate program;
- completed the graduate degree program; or
- most recently enrolled as a non-degree seeking graduate student.

- 3) A student who has been actively enrolled in a degree-seeking program and has not enrolled for four or more consecutive semesters without an approved Leave of Absence is not eligible to use the permit to re-enroll form and must re-apply for Graduate admission like a new applicant.

Graduate students are highly encouraged to request an official Leave of Absence when not expecting to be continuously enrolled (fall/spring). This process is particularly important for summer's only students.
